Despite that, she's always the top at her grade level.

Do you hate humans *?
I am just not good convers-ing with people...

*TLN: He used the term human (人間) so I find it weird too, usually people would say people (人)

I love them,
It's just that I want to get along with them but I cannot speak well.

IMPORTANT! READ THIS!!

I am a 1-man team. I did this cuz i felt like it. This is my first time doing this. I will, if possible, continue to finish this manga. But I'm a pretty busy guy, so any help would be much appreciated. Any people who can use photoshop, please hit me up.

whitepod333@gmail.com

I got this translated by "hashihime" on Fiverr. The raws were already on Jcafe, so I got them there. Everything else, from the proofreading, cleaning, redrawing, type-setting, and quality checking I did myself.

Please tell me how I did in the comments section of this manga on MangaHere. Remember, this is my first time doing this. I think I did pretty well ;)
